From the Pastor's Desk

Greetings dear folks in the name of Jesus our Saviour!! Well, it is finally here, 2022, and time does seem to slip away. With 2021 in the history books, there will be many stories that stand out.

While some of the high lights will come from across the world, others may be from the USA, some may even come from NC. But many of the 2022 stand outs will be from your personal standpoint. I am sure that if you were to start writing down the important events that happened in your life for 2022 the pages would begin to fill up. And as you wrote down things more things would come to your mind.

Before we get too far into 2022 and looking back, look forward. Start looking at the things you could do or should do instead of the things you should have done or which you had done.

From a spiritual perspective start doing the things you know you should do on a daily basis: (such as start out each day with praying and reading the Bible).

Your list will grow from that point forward.

Let me wish you a happy and blessed new year!

In HIS Service
